## Harding Holds Assigned Claim of Wilson and Smith.

## Charges for Legal Services Are Found Worth the Sum Claimed.

In the case of C. D. Harding vs. Heber and E. M. Allison, Jr., judge was rendered by Judge Hall yesterday in favor of the plaintiff for the sum of \$11,758.88, and the plaintiff was awarded costs of \$1,000. The plaintiff alleged that the defendant had been indebted to the law of Wilson & Smith in the sum of \$11,758.88, and that the claim had been assigned to him. The defendant denied the claim and was for legal services rendered by Wilson & Smith in an action brought by the defendant against the Bingham Copper and Gold Company. Walker secured judgment for \$500, but E. M. Allison, Jr. was for the mining company, to turn the money over to the plaintiff. The defendant's attorneys and his attorneys are to the plaintiff's services had been settled. The claim was transferred to Harding, who filed the petition. Judge Hall holds that the claim was assigned to the plaintiff by Wilson & Smith, and that the claim was worth the sum of \$11,758.88, and ordered that the plaintiff pay that amount to Harding.

## FIGHTS ASSESSMENT.

## as Snow Sues Morrison Mining Company.

Judge Morse in the District yesterday was begun the trial of the case of Alvin E. Snow against Morrison Mining Company, W. H. et al. The suit was brought by plaintiff, a stockholder in the Morrison Mining Company, to restrain the company from collecting an assessment levied on the plaintiff's stock. The defendant alleged that the plaintiff was not a stockholder in the Morrison Mining Company, and that the assessment was levied on the stock of the Morrison Mining Company, and that the plaintiff was not a stockholder in the Morrison Mining Company. The plaintiff alleged that the defendant was a stockholder in the Morrison Mining Company, and that the assessment was levied on the stock of the Morrison Mining Company, and that the plaintiff was a stockholder in the Morrison Mining Company. The trial was adjourned until next week.

## Telephone Injunction Suit.

The injunction suit brought by the Mountain Bell Telephone Company against the Utah Independent Telephone Company, Judge Hall heard argument yesterday. The plaintiff alleged that the defendant was using the plaintiff's telephone lines for its own business, and that the plaintiff was entitled to an injunction to restrain the defendant from doing so. The defendant alleged that the plaintiff was not entitled to an injunction, and that the defendant was entitled to use the plaintiff's telephone lines for its own business. The trial was adjourned until next week.

## Court Notes.

W. Teasdale filed an action in District Court yesterday against William Tibbels to recover \$25.75, alleged to be on some mining transactions. The plaintiff alleged that the defendant was a stockholder in the Morrison Mining Company, and that the plaintiff was entitled to an injunction to restrain the defendant from collecting an assessment levied on the plaintiff's stock. The defendant alleged that the plaintiff was not a stockholder in the Morrison Mining Company, and that the assessment was levied on the stock of the Morrison Mining Company. The trial was adjourned until next week.

## Fine Potatoes and Corn Raised With- out Irrigation.

Four potatoes, the combined weight of which exceeds three pounds, and a well-developed ear of corn, left at The Tribune office yesterday, show the possibilities of dry farming in Utah. The tubers are firm, well-shaped and of excellent quality. They were grown by Mr. Howard without irrigation on his place below Mill Creek. The seed potatoes were soaked in formalin, and then rolled in dry sulphur to preserve their germinating qualities. The result exceeded expectation.

## GENERAL CHAFFEE DUE THIS MORNING

Letter From Head of the Army Is  
Received by Senator  
Kearns.

Senator Kearns received a letter from Gen. Chaffee yesterday, written at The Dalles, Or., saying that he expected to arrive in Salt Lake early this morning. He wrote that he intended to devote the day to a careful inspection of the post. Gen. Humphrey accompanied him on the trip and Mrs. Chaffee and their son and daughter will join him today, coming from San Francisco.

The General added that he did not know whether he would be able to stay in Salt Lake more than the one day originally allotted here. He expressed the hope that he would meet Senator Kearns while here. An effort will be made to induce Gen. Chaffee to stay longer than one day in Salt Lake, and telegraphic correspondence to that end has been in progress.

## CIRCUS NOVELTY.

Ringling Brothers Present a Dramatic Spectacle, Requiring 1200 Characters.

The new spectacle, Jerusalem and the Crusades, a feature of Ringling Brothers' World's Greatest Shows this season, in its magnificent investiture and massive entirety, is the grandest conception in the history of circus achievement. The days of knight errantry, when chivalry was in flower, are pictured in fascinating splendor. Gallant youth, lisping maidenhood, heroic warrior, proud athlete, religious enthusiast, devoted matron, abject servant, barbaric voluptuary—all the characteristic types of the romantic and tragic tenth century, pass in acting review in the blazing spectacle. Twelve hundred characters are in the great cast and a ballet of 300 and a chorus of 200 young voices are employed. The musical accompaniment is furnished by the largest and only portable pipe organ ever made, and a band of fifty instruments. The stage is larger than the average circus arena, and 2000 costumes of costliest design and fabric are worn. The special scenery requires a special train. Never before was so much money invested for exhibitional purposes, and this spirit of enterprise, wisely directed, is just what makes the Ringling Brothers' World's Greatest Shows twice the biggest and immeasurably the best in existence.

The wonderful Ringling Brothers' Shows will exhibit Salt Lake City, Wednesday, August 10, and the magnificent street parade will leave the show grounds promptly at 10 o'clock the morning of show day.

## NEW TROLLEY TO BINGHAM

## J. G. Jacobs Will at Once Build It.

## West Side Rapid Transit Will Make Straight Shoot Across the Valley.

Senator Clark Arrives and Goes South  
on Inspection of the Salt Lake  
Route With Senator Kearns.

General Manager J. G. Jacobs of the Salt Lake & Mercur yesterday closed a contract to repurchase the Salt Lake & Utah Valley road. This line was formerly the West Side Rapid Transit and was in the first place built by Mr. Jacobs. Whom he is buying the line for is not given out but it is said that he represents an Eastern syndicate with plenty of money.

Mr. Jacobs states, however, that the line will be extended at once to Bingham canyon and an hourly electric service will be established. The line extends to a point beyond Cannon farm and is operated. But fourteen miles remain to be built and this can be easily finished by the first of the year. The road starts at Second South and First West and runs south to Tenth South, thence west and when over Jordan makes a short curve and is surveyed to make a short line direct to Bingham. It will run up the canyon bank of the Yampa and the high line and will reach the depot on the side hill near the postoffice.

Bingham has already a population of 5000 and is growing. It is the big copper camp of the West and is destined to develop as the years pass by. The route in the valley will be through a rich farming land and the line will undoubtedly develop considerable traffic in that line.

## CLARK WENT SOUTH.

Only Visited Bancroft's Office and  
Then Started on Inspection.

President W. A. Clark of the Salt Lake Route arrived in the city at 5:30 o'clock yesterday morning and was up very early although he did not go to the hotel. He was closeted with Vice-President W. H. Bancroft for the hour that he was up town and at 10:30 o'clock he left with his stenographers for the south on an inspection trip. He occupied his car 101 and the special was made up of a coach in addition. As guests he took with him Senator Kearns of this city and Attorney R. B. Whittemore of the railroad. The party went right through to Caliente where Vice-President R. C. Kerens and General Manager Wells awaited them. Today the whole party will again go out to the front beyond Moapa and it is possible that they will return to Salt Lake this midnight.

Senator Clark confirmed the report that the road would be ready for trains by the first of the year. All the equipment recently given in detail will be ordered and he hopes to be here for the first train over the new road.

## B. Mahler Working Locally.

B. Mahler of Cleveland, who is back of the trolley system being promoted by Senator Reed Smoot of Provo, is at the Kenyon, being here for the purpose of securing franchisees from Salt Lake county for the track of his system. He has already secured franchisees in Utah county and all of its leading towns. From here he will make trips on to Davis county and so will be in the city for a long time. While nothing can be learned about the plans of the new company it is logical that it will effect some sort of an arrangement with the Lake and Utah Light and Railway company, which would save it lots of construction and give better results for less expenditure. ## This is Woman's Era of Health!

Mrs. D. S. Hessler, 1002 McBride St., Syracuse, N. Y., writes:

"I take pleasure in expressing my satisfaction with Peruna as a remedy well worthy the confidence of those seeking relief from suffering. It is certainly a most efficient specific for afflictions of the digestive organs, especially catarrh, heartburn and kindred troubles of the stomach. It has cured me of catarrh and stomach trouble in three months, after I had suffered with these troubles for many years. I am certainly pleased with it."—Mrs. D. S. Hessler.

Causes That Lead to Dyspepsia Properly Called Catarrh of Stomach.

The reason for this is that dyspepsia in a great majority of cases depends upon catarrh of the stomach. Catarrh of the stomach may have been set up by an extension of the catarrh from the throat or head. Catarrh of the stomach is frequently produced by late suppers, indigestible diet, rapid eating, drinking ice water, use of alcoholic stimulants and many other indiscretions. Peruna cures all

such cases of dyspepsia, simply because it cures catarrh wherever located. The reason so many cases of dyspepsia suffer on and on without any relief, trying this medicine and that medicine, is that these conditions are not recognized as catarrh of the stomach. Any one suffering from dyspepsia, having tried the ordinary remedies without relief, would be safe to assume that their case is one of catarrh of the stomach, and should at once begin a course of Peruna. Peruna is sure to cure these cases. It never fails.
